

God Never Stops Working

That is why we are not discouraged.
Though outwardly we are wearing out,
inwardly we are renewed day by day.

2 Corinthians 4:16

Seeing God in Everything

My house celebrates its hundredth birthday this year, and my dear home wanted to remind me of that. As many objects age, they can begin to work less efficiently or break down.

My house adventure started with the chimney. I had a masonry person come to my house to give me a quote to repair my chimney. Instead, he informed me that it was beyond repair and needed to be replaced. A second opinion confirmed this finding.

Next, I had upstairs and downstairs plumbing issues—simultaneously. A few weeks after that, I got up one morning, turned on the hot water, and could not figure out why it was taking so long to heat up. Yep, you guessed it. My water heater had stopped working, leaving water all over the basement floor. I thought about the familiar adage: it happens in threes. My wallet and I hoped this would be it for a while. But no, my home sweet home was not done yet.

On one particularly chilly day, the brisk air on the drive home had me looking forward to my warm house. But when I opened my door, I soon discovered it was not so warm. That was because my heating system had stopped working. All these repairs, replacements, and costs were draining, but they needed to be done.

But unlike old houses, we can always depend on God to never stop working. As we keep living, there will be times when we need to go through a renewal process. God's faithfulness and love never grow old. The Repairer's hand restores us mentally, emotionally, physically, and spiritually. He knows what needs to be done, when, and how.

Jesus paid the cost of our restoration. As a result, one day, our spiritual house, our bodies, will be brand new.

Dear Father, we thank You that we have a rule of three when facing life situations... You, Your Son, and The Holy Spirit.
